FCDC Member Feature

AdventHealth Ottawa's tradition of caring has its foundation in ninety years of providing genuine and excellent care to our community. Our wide range of services continue to evolve to meet the ever-changing healthcare environment and the needs of our patients across every stage of life.

In May 2019, Ransom Memorial Health became AdventHealth Ottawa, joining AdventHealth's connected system of care comprised of 51 hospital campuses and hundreds of care sites in diverse markets throughout almost a dozen states. With a sacred mission of Extending the Healing Ministry of Christ, AdventHealth is a connected system of care focused on providing individualized, wholistic care.

Advanced Cancer Care

AdventHealth Cancer Center Ottawa provides comprehensive outpatient cancer care, including chemotherapy and infusions, to further meet the needs of the Ottawa community and beyond. By collaborating with AdventHealth Cancer Center Shawnee Mission medical oncology providers, we are able to offer the latest advances in cancer care and treatment close to home. This is the first time comprehensive cancer care with infusion has been offered in Ottawa, benefitting approximately 75 patients each year who would otherwise have to travel for their care. The Cancer Center is located in the Outpatient Clinic at 1301 S. Main Street in Ottawa. To learn more about the program, visit CancerCareOttawa.com.

Expanded Orthopedic Team

The medical staff at Orthopedic Care at AdventHealth Ottawa has also grown, with the addition of board-certified orthopedic surgeon Adam Wait, DO. Dr. Wait specializes in sports medicine and joins fellow board-certified orthopedic surgeons Dale Dalenberg, MD and Kenneth Wertzberger, MD, Shane Alford, PA and Shandon "Andy" Anderson, APRN-C. The team treats numerous conditions such as rotator cuff tears, knee repairs, ankles sprains and strains and more with surgical, non-surgical and rehabilitation care options. They are located at the North Entrance of 1301 S. Main Street in Ottawa. To learn more about the program, visit AdventHealthOttawa.com/Ortho.

Rheumatology Addition

We are proud to welcome Kevin Latinis, board-certified rheumatology physician, to AdventHealth Specialty Care at Ottawa. He holds a Bachelor of Science degree from the University of Kansas, attended medical school at the University of Iowa, and completed his internship, residency and fellowship training at Barnes Jewish Hospital (affiliated with Washington University's School of Medicine) in St. Louis.

In 2004, Dr. Latinis returned to Kansas City and has focused his clinical work in rural healthcare settings. Dr. Latinis is now accepting patients in Suite 4 of the Franklin County Annex, located at 1428 S. Main Street. To schedule an appointment, call 785-229-8438.

Emergency Care

AdventHealth Ottawa is a level IV trauma center, staffed with a highly experienced medical team, including board-certified emergency medicine physicians. With the latest MRI and CT scan equipment, comprehensive laboratory services and a state-of-the-art facility, you can depend on AdventHealth Ottawa to deliver the emergency medical services you need, when you need them.

Impact on Franklin County Workforce

AdventHealth Ottawa employs over 300 Franklin County residents, including 125 registered nurses. We are currently hiring in a number of clinical, non-clinical and professional roles.

- New team members are eligible for immediate benefits on day one of employment
- Sign on bonuses are available for Med-Surg, ICU, Emergency Department and Charge Nurses (\$10,000 with a 2-year commitment)
- \$14.50 minimum hourly pay rate for environmental services, nutrition services, medical assistants and various administrative roles

If you are interested in growing your career while offering whole person care to the Ottawa community, we'd love to have you on our team! Visit <http://www.careers.adventhealth.com/Ottawa> to view open positions.

Improving the Health of Community

Every year, our team partners with organizations across Franklin County to better understand the needs and challenges our residents and businesses face in improving their health. These findings form the annual Community Health Assessment and Improvement Plan, which maps out how our Ottawa community can become healthier and stronger together. You can view the 2021-2022 Community Health Plan [here](#).
